

Hi there!

I'm Andrea, a Digital compositor and motionographer freelance artist.

In my last 5 years I worked as freelance for international and independent movies, commercial and game cinematic, most of them with some oscar and awards winning studios as:

Luma pictures, mill film, makinarium, plastic wax, cumulus vfx and many others.

On top of that, I have a background as painter, a Bachelor's degree in Advertising and Communication with a focus on Graphic Design and Painting from the Academy of Art in Catania,

Sicily (Italy) and a Master's in Compositing for Production from Escape Studios in London.

I have a huge passion for painting, photo and animation

I'm also proficient in Editing and Animation 2D in After Effects. Currently studying 3d animation.

I love to work in a team, especially in a creative environment where I can share my experiences, learn and improve my skills.

In my spare time I love dance breakdance, doing slackline, playing chess and watch movies!

ANDREA SCHIAVONE
